

## DEREK FELL

*On the cover: CedarStore.com, a manufacturer and online retailer of outdoor furniture and garden structures, recently announced a partnership with Derek Fell, a nationally recognized garden design expert.*

*"When you add a structure to a garden, it must serve two purposes — a decorative accent that's a pleasure to look at, and functional," Fell said in a post on CedarStore.com's All Outdoor Patio Furniture blog.*

*For more information on Fell's collection and other outdoor living products, visit [www.cedarstore.com](http://www.cedarstore.com).*
