

## Castelle

### ANTLER HILL COLLECTION

Castelle recently introduced its latest designs from the Biltmore by Castelle line with the Antler Hill collection. The collection bears the name of a historic fixture on Biltmore's estate. Home to the Winery, Farmyard, and a variety of craft demonstrations, Biltmore's Antler Hill Village pays homage to the estate's agricultural heritage. The village is anchored by a century-old horse barn that was once the social and work center for estate families, who lived in charming farmhouses and cottages in the surrounding area. Like Biltmore, Castelle's commitment to quality, thoughtful design, and timeless style ensures that its carefully crafted products are relevant to modern lifestyles, and as beautiful as they are functional in outdoor settings.

## Treasure Garden

### TREASURE GARDEN'S 9-FOOT PAGODA COLLAR TILT UMBRELLA

Treasure Garden's 9-foot Pagoda Collar Tilt umbrella is a new addition to its line of specialty shade products. This unique classic hexadecagon design easily operates via a crank lift system and a collar-style tilting mechanism. Treasure Garden has put a fresh twist on this Asian inspired umbrella by adding contrasting trim detail on the canopy along each of the 16 curved fiberglass ribs. All fabrics are 100 percent solution-dyed acrylic with 100 percent solution-dyed polyester trim. Available on a black fluted aluminum pole topped by a stylish slender black aluminum finial that completes this eye-catching umbrella. Available in six color options—pictured in Ginkgo green with black trim. Contact: (626) 814-0168 or [www.treasuregarden.com](http://www.treasuregarden.com).
