## LEISURE PLAN

Designed by Thomas Sauvage, Premiere by Ego Paris is exclusively from Leisure Plan. The subtle details of its distinctive oval frame profiles, shaped into the smooth curves of the Premiere models, places this collection at the heart of Ego's quest for individuality. With a diverse range of pieces, a choice of over 20 frame colours, 16 mesh colourways and optional teak arms, the Premiere collection is truly elegant. ## A PLACE IN THE GARDEN

The latest addition to A Place In The Garden's range is the stunning Zinc Fire Pits, which are a practical and stylish way to bring both heat and a focal point to any exterior gathering place. These Gas Fire Pits are available in two designs and will be available to buy online from February 2017. The Fire Pits also include a Zinc Table top, giving them another function when not in use.
